

2016-2017 Annual Report Summary

WHO ARE WE?

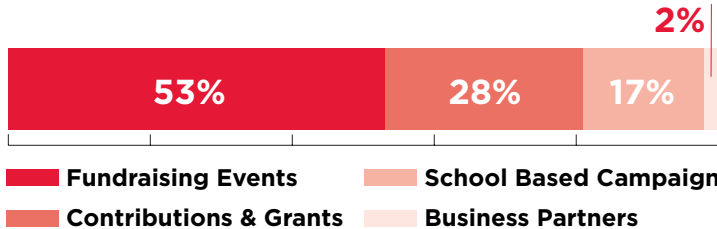

The **Glendora Education Foundation** is a nonprofit whose mission is to provide the best education possible for every student of the Glendora Unified School District.

The origins of the Foundation began in 2003, with a group of parents exploring the idea of working together to enrich education for the children in the Glendora Unified School District. Eager to put the idea into action, they formed a nonprofit organization to provide financial and volunteer support for all the schools in the District.

Since then, the Foundation has served as a liaison between the community and our schools, and is an effective channel through which the public can support the District's nine schools and 7,600 students. To date, the Foundation has raised and donated over \$4 million to Glendora's schools. These contributions have positively impacted schools by promoting many programs and services for all grade levels.

HOW WE RAISED FUNDS

Organizing and implementing fundraising is essential to accomplishing the Foundation's mission. We are grateful for the support from the Glendora community which makes it possible for the Foundation to continue funding these programs and enhancements throughout the Glendora Unified School District.

WE NEED YOUR CONTINUED SUPPORT!

Glendora's students must have the technology and tools for a modern education. Our schools are historically known for excellence, but we are falling behind in 21st Century, STEAM-focused, and technology-driven education.

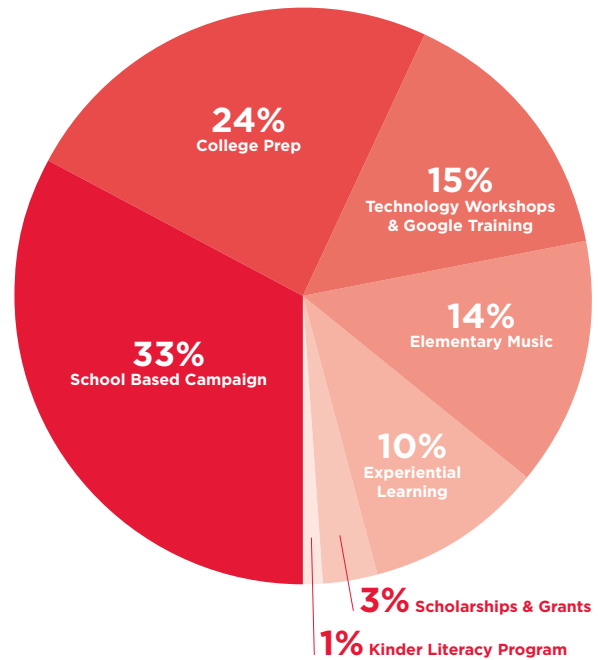

Help change this now! Every gift, hour and voice helps Glendora's students prepare for higher education and careers.

WE RAISED \$355,000 IN THE 2016-2017 SCHOOL YEAR

Let's take a look at how this funding benefited the Glendora School District.

School Based Campaign Provides support for each school to receive 21st Century programs and tools they DO NOT HAVE or NEED MORE OF such as: Chromebooks & Carts | iPads | Hands-On Experiences

College Prep | AVID | GATE | Tartan University Support of college & career preparation activities as well as providing students with information on options after High School.

Technology Workshops & Google Training Provides free after school technology workshops for 3rd-12th and parents. Supports teacher instruction on integrating Google Suite and technology use into daily classroom curriculum.

Elementary Music Retains the music program so all 4th and 5th graders have the opportunity to play an instrument.

Experiential Learning Promotes learning through on-site & hands-on field trip and expanding Healthy Living Programs.

Scholarships & Grants Awards students with scholarships and teachers the opportunity to apply for 21st Century Classroom Grants.

Kinder Literacy Program Provides 24/7 access for all kindergarteners to a technology based literacy program called Reading Eggs.
